School Children Have Corns.

It quite often happens that school children suffer from corns. We mention this because school opens in two weeks and the children should be in good shape when, it does open. If mothers will buy the kiddles a bottle of White's Guaranteed Corn Cure, all corns will be removed in plenty of time for school. It is a good plan to keep White's Corn Cure in the house. If callous places are treated with it they will never become corns. The price is only 25c a bottle. For sale by Scott White & Co., 204 Mills St.

Girl Stowaway Beats Her Way Across the Atlantic

New York, Aug. 16 .- Miss Marjorie Graham, the most unique stowaway on record is enjoying a week in New York, after having crossed the ocean from Liverpool on the Adriatic without paying her passage. Miss Graham made a bet of \$250 in Liverpool that she could turn the trick and she walked up the gangplank of the liner and mingled with the second class passengers. After evading the officers she appeared before the purse when the ship was about to dock in New York and told her story. She then decided to pay her passage money, as she had already won her bet. All the money spent by Miss Graham on the trip was for tips, which was agreed when the wager was made in Liverpool.

Latest Animal Dance; Originated By Kangaroos

Above are pictures of the two kangaroos in the New York Bronx Zoo, who are said to be responsible for the

atest craze in dancing, the "Kangaroo Cuddle." Without any training these two creatures from Australia have eveloped a series of gyrations which some of the younger set have termed a dance, and as a result the kangaroos have a daily audience of lads and lassles who are anxious to acquire the new "cuddle,"
